Abstract (en)

Dismantable vase, characterised in that it is composed, on the one hand, of a certain number of plates in rigid or semi-rigid material, which are flat or slightly curved, comprising means for mutual assembly, this assembly creating a hollow volume which is open at its upper part, the dimensions of which correspond to those of the flowers to be received, and, on the other hand, of a bag or pouch in impermeable flexible material, the dimensions of which, once opened, are substantially those of the said hollow volume. <IMAGE>
