Abstract (en)

The centre has a circular shape provided with a structure having at least one storey which can be radially and concentrically divided. The operating block comprises, on the ground floor, a waiting room (20) and toilets; and, on the first floor, an aseptic corridor (23), an operating unit (22) at the centre of this corridor (23) and a post-operative recovery room (24) outside this aseptic corridor (23). A lift (21) connects the ground floor to the first floor, this lift (21) being accessible from the waiting room (20) on the ground floor and from the aseptic passage (23) on the first floor. <IMAGE>
