Abstract (en)

[origin: US5029751A] Pack made from a single-piece board blank, to the inside of which a sealable coating is applied. An edge strip, which extends approximately across half of the two side panels and an adjacent end panel of the pack and the transition of which from the free half of the side panel is at least approximately right-angled, is provided at the top free edge of the pack above a sealed seam.
