Abstract (en)

[origin: WO8909049A1] A method for treating pathogenic conditions of the human body by preparing a mixture of at least one herb, herbal extract or other compound exhibiting therapeutic properties, adding a magnetically permeable substance to the mixture, magnetizing the resulting mixture to impart a substantially unipolar magnetic charge on the mixture and administering the magnetized mixture through one or more specific acupuncture points associated with producing a desired response to the particular condition being treated. The invention is also directed to the treatment of various diseases through the oral, auricular, topical or injectable administration of homeopathic medicaments.
