Abstract (en)

A publication comprising a plurality of pages (141, 147) having parallel opposing top (142) and bottom (144) edges connected by a perpendicular spinal portion (143). The pages are bound together at the spinal portion (143) by binding means; and a packaging bag (120) is bound to the spinal portion. The bag has at least one sealed envelope (129) containing at least one insert and the envelope (129) has overlaying front and back wall portions with at least one top (123) or bottom edges having a trim segment (130), and the spinal edge having an adjacent or coextensive fastening area (131) whereby the bag (120) is bound to the spinal portion (143) of the bound pages (141, 147).
