Abstract (en)

[origin: EP0439221A1] A combined display and consumer's use package for sliced products, more particularly meat products, comprising a flat tray-like receptacle (1) with a cover sheet (3) of transparent material fastened on its top, means being provided in the top region for suspension of the receptacle in a display case. According to the invention the bottom (5) of the tray, as seen along an axis going through the center of the suspension means, is sloping upwardly towards at least one side of the tray, whereby the surface of the sloping bottom portion (5b) is provided with protuberances (8) which form surface unevennesses. <IMAGE>
