Abstract (en)

Standard assembly of elements for making dismountable partitions which can be varied as desired in terms of sizes and in terms of configurations, characterised in that it comprises: - a framing sectional profile (1) which can be used for framing all types of panels (46) (47) which are intended to constitute the said partitions, regardless of the nature, size and configuration of these panels; and - a sectional profile (14) for assembling and locking in place, by a clipping mechanism, the said panels onto the said framing sectional profiles.

Abstract (fr)

Ensemble d'éléments standard pour la réalisation de cloisons démontables modulables à volonté en dimensions et en configurations, caractérisé en ce qu'il comprend: un profilé d'encadrement (1) utilisable pour l'encadrement de tous types de panneaux (46)(47) destinés à constituer lesdites cloisons, quelle que soit la nature, la dimension et la configuration de ces panneaux; et un profilé d'assemblage et d'immobilisation (14) par clipsage desdits panneaux sur lesdits profilés d'encadrement.
