Abstract (en)
[origin: EP0442028A1] This air conditioning unit (1), comprising a cooler or heater bank (7) housed within a case (3), is of a type which may be optionally installed in either of two positions turned over from each other. The unit (1) also comprises two condensation water drip pans (10,11) fixedly accommodated inside the case (3) to lie beneath the bank (7) in either of said positions. Thus, the unit (1) may be installed as desired in either of two positions turned over from each other, requiring no specific preparatory work. <IMAGE>
