Abstract (en)
[origin: US5137761A] A decorative plaque comprising, in sequence, from the outside to the inside, a semitransparent reflecting plate, a light transmitting glass plate spaced from the semi-transparent reflecting plate having a plurality of faceted glass stones affixed to one side thereof in an ornamental arrangement facing towards the reflective surface of the semi-transparent reflecting plate, and, on the opposite side of the light transmitting glass plate and spaced therefrom, a fully reflective plate. The plaque is arranged so that it is internally illuminated, for example by ambient light. Viewing of the interior of the plaque occurs through the semi-transparent reflecting plate.
