Abstract (en)

An automatic signal warning system which activates the brake lights of vehicles (A, B, C). The system comprises a receiver (2) to be mounted on the front part of a given vehicle (A, B, C). The receiver (2) is connected to an OR gate and a transmitter (4) which is mounted on the rear part of the vehicle (A, B, C). The transmitter (4) is also connected to the OR gate and the brake light system. When the brake pedal is pressed and the brake light switch is activated, the signal from the brake light will go through the OR gate and activate the transmitter (4). <IMAGE>
