Abstract (en)
[origin: WO9112327A1] A glutathione-S-transferase of *Schistosoma mansoni* having a molecular weight of 26 Kd and known as p26 or Sm26, as well as a device for producing this protein in a substantially purified form, are described.

Abstract (fr)
L'invention concerne une glutathion-S-transférase de *Schistosoma mansoni*, ayant un poids moléculaire de 26 Kd, appelée p26 ou Sm26 ainsi que les moyens de production de cette protéine sous une forme substantiellement purifiée.
