Abstract (en)
[origin: WO9100382A1] The invention relates to a method for manufacturing a textile product from fibres and/or filaments in which said fibres and/or filaments circulate in fleece form. The technique consists of subjecting the fibres and/or filaments to transverse looping and to stretching, so that they accumulate in the form of loops in which the fibres and/or filaments are paralleled.

Abstract (fr)
La présente invention concerne un procédé de fabrication d'un produit textile au départ de fibres et/ou filaments dans lequel ces fibres et/ou filaments circulent sous forme d'un voile. La technique consiste à faire subir aux fibres et/ou filaments un bouclage transversal accompagné d'étirage et que ceux-ci s'accumulent sous forme de boucles dans lesquelles les fibres et/ou filaments sont parallélisés.
