Abstract (en)

This consists of a receptacle whose size is suitable for a telephone handset (4), structured on the basis of two rectangular and elongated strips, or a single strip (1) folded over on itself along a middle line (2) with side seams (3-3 min ) coinciding with its longer sides and which leave a large area (6-6 min ) thereof to facilitate the coupling/uncoupling of said handset. The protector is the single-use and throw-away type. <IMAGE>
