Abstract (en)  
[origin: WO9102866A1] A decorative tile (1) made up of lines (2) of different shapes, widths and thickness, the upperside of the lines being of a shape that is not flat (3) and the underside of the lines are flat (4) where the adhesive material is to contact. The protective backing sheet (5) is of the shape of the reference rectangle extending to the outerlimits for contact (6). The detachable alignment spacers (7) are to ensure the required spacing between lines. The attachment (8) is where a small light or reflector can be located. A message (9) to a third party can be located at the required position.
