Abstract (en)

[origin: WO9102636A1] Disclosed is a hole punch with a base (10) designed as a collector for the clippings produced and made of flexible plastics material. A snap-in catch (16) engages in a recess (14) running transversely across the collector. A positioning rail (18) with a positioning stop (20) for the sheets of paper in which holes are to be punched is mounted so that it can be moved through the snap-in catch (16) and can be locked with the catch in different positions.

Abstract (fr)

Dans le cas d'un perforateur de documents comportant un fond (10) en matière plastique souple conçu comme bac à confettis, un élément à cran (16) peut être ancré dans un évidement transversal (14) du bac à confettis. Le rail fixe (18) présentant la butée (20) pour les documents à perforez peut coulisser dans l'élément à cran (16) et s'y encliquer en différentes positions.
