Abstract (en)

A carrier (1) for one or more products offered for sale or packagings (V) containing these products consisting of a flat of printable material consisting preferably of two parts, wherein in each case a pair of lip-shaped or box-shaped coupling members (2) is arranged which is connected to the flat and which grips the product or the packaging at two positions thereof lying at a mutual distance in order to fixedly hold the packaging or the product on the carrier without the use of transparent covering foil (blister). <IMAGE>
