Abstract (en)
[origin: EP0504072A1] Elastic knitting material with the appearance of voile and process for obtaining it. The knitted material is made up of two different, polyamide-based yarns, of substantially identical covering in the stretched state, arranged unconventionally, one of the yarns being a conventional textured yarn or moss yarn, and the other a torque yarn or stretch yarn, the moss yarns and the stretch yarns being placed alternately relative to one another, each type of yarn being present in the form of Z twist and of S twist according to the following order: 2 Z twist yarns, 2 S twist yarns or 2 S twist yarns and 2 Z twist yarns. The knitted material obtained is balanced and free from stripes. <IMAGE>
