Abstract (en)
[origin: EP0504749A2] A showerholder for holding a shower attachment on a wall-slidebar contains a guide element which is displaceably guided on the outside of the wall-slidebar and the length of which is at least twice as much as the diameter of the wall-slidebar. Fixed to the guide element with the aid of at least one strut is a holding device for the shower attachment, which is at a distance from the wall-slidebar which is at least as great as the length of the guide element.
