Abstract (en)

Crimping tool for tubes and the like, characterised by a first arm (3) having, in cross-section, the shape of a U and forming a nose (11) in which a notch (12) is made defining the edges (13, 13a) which form blades, the said first arm being articulated to a second arm (4) by means of a pin (5) disposed close to the end of the nose (11), the said second arm defining ramps (20) for actuating at least one blade (16) which is articulated to a pin (15) of the first arm, this pin being disposed beyond the notch (12). <IMAGE>
