Abstract (en)

The invention relates to a collective letter box with complete opening, in which the lock (14) is fastened to the front wall (15) of a pillar (7a) of the fixed frame. To make it easier to mount or dismount the lock (14), the latter is fastened to an attached piece (26) seated in a cavity open onto the front face of the pillar (7a) and retained on the case (2) by fastening means (32b) located at the rear of the pillar (7a). <IMAGE>
