Abstract (en)

[origin: EP0510386A2] The invention relates to a purse fitting having a purse (2) to which a money compartment (3) can be releasably attached with the aid of a first attachment element (12, 13, 17, 18), provided on the purse (2), and a second attachment element provided on the money compartment (3). The purse fitting comprises at least one further money compartment (3', 3'', 3''') which has a third attachment element (14, 15, 16, 19) which can be releasably attached to the first attachment element (12, 13, 17, 18). <IMAGE>
