Abstract (en)
[origin: WO9110772A1] Substances, e.g. insecticides, dyes, fragrances, are encapsulated in microcapsules of e.g. yeast and attached to materials e.g. of cotton or wool with a binder which does not impede the release of the substance from the microcapsule.

Abstract (fr)
Des substances, insecticides, teintures ou parfums, sont encapsulées dans des microcapsules de levure, par exemple, et fixées à des textiles tels que le coton ou la laine, à l'aide d'un liant qui n'empêche pas la substance d'être libérée de la microcapsule.
