Abstract (en)

[origin: EP0524069A1] The invention proposes connecting an aerodynamic deflector strip (24) to one of the components (10) of the support structure of the wiper blade element of a windscreen wiper by means of a removable fastener (26) produced for example from moulded plastic and which comprises a fixing portion (32) set elastically into the main calliper (10) and a portion for fixing the deflector strip (24) produced in the form of a loop (34) which surrounds the deflector strip (24). <IMAGE>
