Abstract (en)

[origin: WO9118879A1] This invention relates to compounds of formula (α), where T is an amide linkage and the R groups are defined herein. These compounds are useful as leukotriene antagonists.

Abstract (fr)

L'invention concerne des composés de la formule (α), dans laquelle T représente une liaison amide et les groupes R ont la notation ci-définie. Ces composés sont utiles comme antagonistes de leucotriènes.
