Abstract (en)

[origin: EP0534896A1] Two separators (17a, 17b) are provided on a bobbin creel in order to limit the balloon (13). The separators (17a, 17b) form two guide planes for the yarn (4) which form a two-sided limitation of the drawing-off space (20) in front of the bobbins (3). The drawing-off space (20) narrows from the end face of the bobbins (3) in the direction of run of the yarn. <IMAGE>
