Abstract (en)  
A mobile and stationary advertisement and promotional vehicle; it has upto 5 large screens so that members of the viewing public are able to view it, whilst it is stationery or mobile. It is able to be seen during the day or at night. It has its own electricity generator so that all the equipment on board the vehicle operates when there are no external power supplies available. Entrance into the vehicle can be gained by opening the entry port. The entry port allows the driver to open the swing door. Incorporated into the swing door is the translucent and viewing screen. Above the translucent and viewing screen 3 is speaker 3. The vehicle is able to operate for a long duration. The vehicle also contains an air conditioning system.
