Abstract (en)

Storage-stable formulations of mixtures of optical brighteners containing at least two anionic optical brighteners, which preferably contain at least one sulphonic acid radical; an anionic polysaccharide; dispersants and water and optionally also auxiliaries. These formulations are particularly suitable for the production of liquid detergents.

Abstract (de)

Lagerstabile Formulierungen von Aufhellermischungen enthaltend mindestens zwei anionische optische Aufheller, die vorzugsweise mindestens einen Sulfonsäurerest enthalten; ein anionisches Polysaccharid; Dispergiermittel und Wasser sowie gegebenenfalls Hilfsstoffe. Diese Formulierungen sind insbesondere zur Herstellung von Flüssigwaschmitteln geeignet.
