Abstract (en)
[origin: WO9204359A2] Derivatives of simple monosaccharides which exhibit anti-proliferative and/or anti-inflammatory activity and are useful for treating mammals having inflammatory disorders and/or autoimmune disorders. This invention also encompasses pharmaceutical compositions containing these compounds and methods of treating inflammatory and/or autoimmune disorders.

Abstract (fr)
Dérivés de monosaccharides simples présentant une activité anti-proliférative et/ou anti-inflammatoire et utiles dans le traitement de mammifères souffrant d'affections inflammatoires et/ou auto-immunes. Cette invention se rapporte aussi à des compositions pharmaceutiques contenant ces composés et à des méthodes de traitement d'affections inflammatoires et/ou auto-immunes.
