Abstract (en)

[origin: WO9204893A1] Pharmaceutically elegant liquid oral compositions comprise a histamine H₂-antagonist such as cimetidine in an edible oily vehicle. The compositions are extremely palatable and minimize the bitter taste associated with these compounds. Other pharmaceutical additives well known to the art may be optionally added.

Abstract (fr)

Compositions liquides pharmaceutiquement élégantes et administrées par voie orale comprenant un antagoniste d'histamine H₂ tel que la cimétidine dans un véhicule huileux comestible. Les compositions ont un goût très agréable et elles réduisent au minimum le goût amer associé à ces composés. On peut facultativement ajouter d'autres additifs pharmaceutiques bien connus en la matière.
