Abstract (en)

[origin: EP0554853A1] Spark plug having an insulator (5), a centre electrode (1) arranged in the insulator (5), a body provided on the outside of the insulator and a body electrode (3) fitted on the body. The centre electrode (1) and/or the body electrode (3) are formed using a platinum-nickel fibrous composite material (2, 4) which consists of a platinum matrix in which nickel fibres are embedded, or of a nickel matrix in which platinum fibres are embedded.
