Abstract (en)
[origin: EP0555630A2] Coin checker, with a main plate, a running-track carrier plate attached pivotably to the main plate, an opening lever which is attached pivotably to the main plate and the actuation of which causes the carrier plate to pivot away from the main plate, and a restoring spring for the opening lever, a leaf spring being fixed at one end preferably to the main plate and cooperating under prestress at the other end with an extension of the opening lever. <IMAGE>
