Abstract (en)

[origin: EP0557613A2] A cardboard packaging container having a bottom and sides connected thereto is characterised in that the sides are formed by blanks which are tiered one above the other, are joined together over their area, and the lowest one of which is joined to the bottom over its area, the thickness of the sides formed by the blanks being, at least in some places, considerably greater than the thickness of the individual blanks.
