Abstract (en)

[origin: WO9309209A1] A lubricant composition is described which is useful as a chain bar lubricant for chain saws. The composition comprises: (A) at least one triglyceride, (B) at least one viscosity modifying additive, and (C) at least one tackifier. Optionally, the composition may also contain (D) at least one pour point depressant and (E) at least one antiwear agent.

Abstract (fr)

On décrit une composition lubrifiante pouvant être utilisée comme lubrifiant de glissière de chaîne pour des tronçonneuses. La composition comprend (A) au moins un triglycéride, (B) au moins un additif modifiant la viscosité et (C) au moins un agent épaissant. Eventuellement, la composition peut également contenir (D) au moins un agent abaissant le point d'écoulement et (E) au moins un agent anti-usure.
