Abstract (en)
[origin: EP0570670A2] The cooking top is formed from a top surface which preferably has a number of cooking points and which is surrounded by a top frame which bears on at least one frame leg control members for the cooking points. According to the invention, control members in the form of knurled discs or push buttons are arranged on one outer downwardly sloping leg surface of the frame leg, this frame leg preferably being raised in a desk-like manner. <IMAGE>
