Abstract (en)
[origin: EP0573906A2] The cleaning device has filter/fan units (4) arranged on a support device (6). Two filter/fan units (4) are interconnected to form a self-supporting structural unit (7) via connecting parts (8 to 10). Such structural units (7) can be mounted easily and by the user himself, especially as the structural units (7) can be fastened on simple supports (6). <IMAGE>
