Abstract (en)

[origin: WO9217569A1] The present invention relates, in general, to endothelial cells. In particular, the present invention relates to a microvascular endothelial cell (or a cell line) obtained from human skin and immortalized and a method to establish such a line.

Abstract (fr)

La présente invention concerne les cellules endothéliales en général et en particulier une cellule (ou lignée cellulaire) endothéliale microvasculaire obtenue à partir de peau humaine, puis immortalisée, et un procédé de création d'une telle lignée.
