Abstract (en)
[origin: WO9218167A1] The invention concerns a material consisting of polyurethane with covalently bound X-ray contrast agents, the polyurethane being biocompatible, stable or, in an appropriate environment, biodegradable, as well as X-ray contrasting.

Abstract (fr)
La présente invention se rapporte à un matériau en polyuréthane comportant des substances de contraste à liaison covalente pour la radiographie, le polyuréthane étant biocompatible, stable, ou bien, dans un milieu adéquat, également biodégradable, ainsi que contrastant en radiographie.
