Abstract (en)

Disclosed is a personal data recording and reproducing device for use in a vehicle, which allows each individual driver or each group to exclusively recording and reproducing own personal data and also to easily and selectively reading-out only own personal data. The device recognizes an input identification of an individual person or a group, store input information with reference to the recognized identification in case of data input request and reads out and outputs a stored information with reference to the recognized identification in case of data output request. <IMAGE>
