Abstract (en)  
[origin: EP0600385A1] The invention relates to a propulsive charge detonator (10) which can be fitted to a propulsive charge carrier or to a cartridge. The propulsive charge detonator (10) is provided, in order to avoid breech fire, with an ejection charge (54) which is suitable for ejecting the fuze guide tube (50) entirely out of an annular space (49) which is formed between a base piece (34) and a flame guidance tube (44) of a propulsive charge detonator (10). <IMAGE>
