Abstract (en)

There is disclosed a photographic composition having fixing capacity and a method for processing a silver halide photographic material using the same. The photographic composition having fixing capacity comprises a photographic composition having fixing capacity, which comprises at least one compound represented by the following formula (I) and at least one compound represented by the following formula (II): formula (I) RSO_2SM wherein R represents an aliphatic group, an aromatic group, or a heterocyclic group, and M represents a hydrogen atom or a cationic group, formula (II) $R<1>SO_2M<1>$ wherein R<1> represents an aliphatic group, an aromatic group, or a heterocyclic group, and M<1> represents a hydrogen atom or a cationic group.
