Abstract (en)

Crash-helmet for cyclists and for non motor sports in general, comprising a first cap (1) of foamed polystyrene provided with slots (3) and cavities (4) for the circulation of air and with raised zones (5) at least at the opposite sides of the cap (1), and a second cap (2) or rigid plastic material, substantially polycarbonate, provided also with slots (6) placed at least in part in correspondence of those of the first cap (1), and with large openings (7) at the opposite sides, permitting the coupling of said two caps (1,2) by snap-fitting of the raised zone (5) of the polystyrene cap (1) into said large openings (7) of the second cap (2) of rigid material. In said cap (1) of foamed polystyrene, housings (19) are also provided suitable for holding the fasteners (11) of the chin-strap (17), which can be inserted in such a way as to permit to the second cap (2) to hold said fasteners (11) in stable position within said housings (19). <IMAGE>
