Abstract (en)
[origin: EP0625322A1] Bed comprising a frame with at least two side parts, between which there is provided a space for the lying area of constant size. To be able to cover the space with the lying area when the bed is not in use and then use the bed as a conventional divan, provision is made on that side of each side part 1 of the frame which faces the lying area for in each case one guide 4, in which a cover 3 for the lying area, which cover extends from side part 1 to side part 1, is displaceably guided. <IMAGE>
