Abstract (en)

[origin: WO9316872A1] A transparent panel having unidirectional bullet-resisting characteristics, comprises an outer transparent panel (2) of an acrylic resin; an inner transparent sheet (3) of a polycarbonate resin; and a transparent adhesive (16) bonding the two sheets (2, 3) together. Also described are a method of making such a panel, and presses (18, 50) useful in making such a panel.

Abstract (fr)

Panneau transparent présentant des caractéristiques de résistance unidirectionnelles aux balles. Le panneau est constitué d'un panneau externe transparent (2), en résine acrylique, d'une feuille interne transparente (3) de résine polycarbonate et d'une liaison adhésive (16) transparente de ces deux éléments (2, 3). L'invention porte également sur le procédé de fabrication de ce panneau et sur les presses (18, 50) employées pour le réaliser.
