Abstract (en)

[origin: EP0632184A1] Profiled sealing strip, in particular for glazing, this strip having a U-shaped cross-section and comprising a base (16) and side walls (18) terminating in sealing lips (20) intended to be elastically applied against the glazing, and transverse pre-cut notches which are provided in the base (16) and the side walls (18) of the strip in order to form cutting lines (22) at the corners of the glazing, while at the same time ensuring continuity of the sealing lips (20). <IMAGE>
