

## Title (en)

Solid, transparent soap composition based on fatty acid salts, containing isopreneglycol.

## Title (de)

Feste, transparente Seifenzusammensetzung auf Basis von Fettsäuresalzen, enthaltend Isopren glykol.

## Title (fr)

Composition de savon solide, transparente, à base de sels d'acides gras contenant de l'isoprène glycol.

## Abstract (en)

Soap composition in the transparent solid cake (bar) form, having an improved hardness and an improved resistance to exudation (sweating). The composition contains, expressed by weight with respect to the total weight of the composition: a) from 25 to 40 % of a soap consisting of a salt of C10-C20 fatty acids or of their mixtures; b) from 2 to 50 % of isoprene glycol; c) from 0 to 48 % of a transparency agent, other than isoprene glycol, the total concentration of isoprene glycol and of transparency agent being between 25 and 50 %; and d) water in an amount less than or equal to 25 %. Application to the formation of bars of soap.

## Abstract (fr)

Composition de savon sous forme de pain solide transparent ayant une dureté et une résistance à l'exsudation améliorées. La composition contient, exprimé en poids par rapport au poids total de la composition: a) de 25 à 40 % d'un savon constitué d'un sel d'acides gras en C10-C20 ou de leurs mélanges; b) de 2 à 50 % d'isoprène glycol; c) de 0 à 48 % d'un agent de transparence, autre que l'isoprène glycol, la concentration totale en isoprène glycol et en agent de transparence étant comprise entre 25 et 50 %; et d) de l'eau en une quantité inférieure ou égale à 25 %. Application à la formation de pains de savon.
