Abstract (en)

[origin: WO9321009A1] A film leader (16) device for use with microfilm with an upper and lower surface. At least one of the surfaces includes knurling or roughening of a predetermined pattern across a portion of the width and length of that surface. The knurling of a virtual non-slip surface for loading of microfilm (14) into self-loading microfilm (14) reader/printers (10) and the like.
