Abstract (en)

[origin: EP0637428A1] Member for hanging articles, especially elongate articles having a certain weight, including a perforated base (2) fixed perpendicularly to a tab (1) of substantially equal width and of substantially rectangular shape equipped at the top with an opening (12). It includes a cutout (11) of a certain height made in the tab (1) facing the opening (21) formed centrally in the base (2) for the purpose of allowing a threaded rod fixed to the end of an elongate article to be inserted. <IMAGE>
