Abstract (en)  
A collapsible ladder assembly comprises a plurality of sections (20), each providing two parallel stile parts (21) joined adjacent to one end by a transverse rung and the sections (20) being telescopically retractible each into the next wider section (20) with the rung end leading until the end transverse rungs of the two sections (20) lie one immediately above the other and the stile parts (21) of one section (20) lie between those of the next wider section (20). <IMAGE>
