Abstract (en)
The present invention is a package assembly comprising a closed container (9.2) containing a liquid or granular detergent. Said closed container (9.2) has a flat base, side walls (9.20,9.21), and a first flat top (9.22). Said assembly further comprises a dosing and dispensing device (9.3) for said detergent. The dosing and dispensing device (9.3) is positioned on said first flat top (9.22). The assembly further comprises a hood (9.1) covering said device (9.3) and maintaining said device (9.3) on said flat top (9.22). Said hood (9.1) further provides a second flat top (9.10) whereby another, identical, assembly is stackable on said assembly. <IMAGE>
