Abstract (en)
An awning 10 comprises a sheet 12 extending from a caravan schematic view as represented at 14. The sheet 12 comprises a roof portion 16, a front portion 18 and opposite side portions 20,22. The awning 10 is attached to the caravan 12. A support pole 24 extends diagonally from the bottom of the side portions 20,22 towards the join between the front portion 18 and the roof portion 16, and a longer join between the roof portion 16 and the front portion 18. The pole 24 forms an arch which is in a plain canted away from the wall, to tension the roof portion. <MATH>
